

Single Safety Day

From September 1 to September 10, 2022 in the Republic of Belarus, the Ministry of Emergency Situations (hereinafter referred to as the MES) is holding the "Single Safety Day" campaign.

The objectives of the "Single Safety Day" are to develop a culture of life safety in society, conduct educational work with the younger generation and promote safe living conditions for the population.

Within the framework of the "Single Security Day" a meeting of the labor collective with a representative of the traffic police of Novopolotsk took place. The Center organized an exhibition of drawings by children (grandchildren) of employees in the region life safety, an event will be held to practice actions in case of a possible emergency situation and a visit to the Security Center in the city of Novopolotsk is planned.
