

The State Committee for Science and Technology of the Republic of Belarus organizes the 13th Republican competition of innovative projects

The State Committee for Science and Technology of the Republic of Belarus is organizing the 13th Republican Competition for Innovative Projects.

The winners of the competition have the opportunity to receive financial support for the implementation of innovative projects, as well as funds for the commercialization of the results of their scientific activities.

Participation in the competition also contributes to informing potential investors and consumers about promising innovative developments of participants and promoting innovative projects.

The competition is held in order to stimulate the implementation of promising innovative projects, to assist in finding investment support for innovative projects, and to commercialize the results of innovative projects. Competition nominations: "Best Innovative Project", "Best Youth Innovative Project".

In addition, the competition also considers winning projects of republican competitions held by the Ministry of Education, the National Academy of Sciences of Belarus and other interested organizations. For such projects, funds are provided for the development of business plans for their further participation in the competition.

The list of projects-winners of other republican competitions SCST asks to be sent to the Belarusian Innovation Fund by e-mail: rkip@belinfund.by by June 1, 2022.
