

RUE "Polotsk CSMS" will join the republican action "Clean Forest"

On October 9, 2021, at the initiative of the Ministry of Forestry of the Republic of Belarus, the republican voluntary action "Clean Forest" will be held for the 11th time. This year it will be timed to coincide with the Year of National Unity and will cover all regions of the country.

The action is carried out to restore order in the forest fund and educate citizens to respect one of the most important natural resources of the country - the forest. Every year it covers an increasing number of participants and points on the map of the country.

In 2020, volunteers across the country removed about 4.5 thousand cubic meters of garbage and litter, planted more than 1.3 million trees, and put things in order along roadside strips and memorial sites.
