

Cornflower - a symbol of unity: master class from BSG!

On the eve of the holiday - National Unity Day, members of the BSW Polotsk CSM in a friendly company united at one table to create a brooch "Cornflower - the symbol of the BSW". At the beginning of the meeting, the chairman of the BSW Polotsk center gave a short excursion into the history of the holiday, spoke about its significance for all Belarusians.

The master class unites people, doing creativity, representatives of the fair sex not only gain new knowledge, but also discuss topics of interest, share experiences, make plans for the future. Creativity helps to distract from everyday worries, show your imagination, create something unique and inimitable. It would seem that everyone has the same material, and everyone's brooches turned out different, but definitely beautiful!

Let's celebrate unity and creativity together!
