

ATTENTION ACTION!!!

On May 23, 2022, as part of the events dedicated to the World Metrology Day, the action "Verification in 1 day" will be held at RUE "Polotsk CSMS". During the campaign, for those who want to check the measuring instruments on the day of application, the verification will be carried out without charging an additional fee for the urgency of the work.

The promotion applies to the following types of measuring instruments (hereinafter referred to as SI):

- SI of geometric quantities (rulers, tape measures, wooden meters, calipers);
- SI masses (trade electronic scales);
- measuring instruments for pressure and vacuum (pressure gauges, tonometers);
- SI of motion parameters (vehicle speedometers);
- measuring instruments for the flow rate of the amount of liquids and gases (standard measuring gauges);
- SI of physical and chemical quantities (pH-meters, breathalyzers, hygrometers VIT);
- SI temperature (thermometers of all types);
- SI of electrical quantities (multimeters, megaohmmeters, electricity meters, current transformers).

Terms and conditions:

- presence of a measuring instrument in the State Register of measuring instruments of the Republic of Belarus;
- payment for verification works is made on the day of the action;
- issuance of measuring instruments is carried out in the presence of confirmation of payment, as well as a power of attorney or seal.

Location of the action:

RUE "Polotsk CSMS"
