

The military-patriotic units "Rubezh" and "Sokol" proudly celebrate their third anniversary!

The military-patriotic units "Rubezh" and "Sokol" are proud to celebrate their third anniversary!

The ceremonial event on this occasion took place on December 21 at the secondary school No. 18 named after E. Polotskaya in Polotsk. Among the invited guests was the director of the Polotsk CSMS. During the event, the club members demonstrated their strength and endurance in relay races. We are proud that the children of our employees are joining the ranks of young patriots.

Over the years, children from Polotsk and Novopolotsk schools have received a unique opportunity to develop their skills and abilities necessary for service in the Armed Forces of the Republic of Belarus. Under the wise guidance of experienced mentors from military unit 5530, they learn not only physical training, but also the spirit of patriotism and teamwork. Such young people grow up to be true defenders of their homeland and heroes of the country. Congratulations and wish them bright victories. Let your efforts not weaken, and let the desire for new achievements always remain in first place!
