

## **World No Smoking Day. Cancer prevention**

From 18 to 25 November 2021, a republican information and educational campaign "World Day of Non-Smoking." Is being held in the Republic of Belarus. Prevention of Oncological Diseases ".

On November 18, the United Health Day will be held.

The action is carried out in order to attract public attention to this problem, to prevent tobacco smoking as a risk factor for the development of cancer.

Organizations of the Gosstandart system annually support such actions! So the territory of Polotsk CSMS in the period from 18 to 25 November was declared a zone free from smoking and the use of nicotine-containing products.
